

JONA'S almost FAMOUS!

ABOUT JONA

I love to connect with others through a shared love of pop culture. I primarily create content on my YouTube Channel 'JonasAlmostFamous'. I have built my brand and amassed over 21 million views on YouTube completely on my own. I also speak openly about my journey with emetophobia and anxiety. I'm proud of my online community and I'm always looking for new ways to express my inner geek.
